

*While stationed in Kaiserslautern, Germany I was referred to the Kaiserslautern American Red Cross Adoption Support Group after endlessly inquiring about services offered by family support organizations in the community. I attended the Adoption Support meeting and was overwhelmed with all the information that I obtained. Several of the adoptive parents recommended Carol Albers services for my homestudy and also provided a listing of other homestudy providers throughout the community.*

*From the first homestudy with Carol, I knew that she was going to become a lifelong friend of our family. She was honest, kind, caring, and most of all she cared most about the welfare of Her services were comparatively inexpensive to most of the other providers, but the outstanding dedication she has to each families' needs made me love and appreciate her most. Thanks Carol for all that you have done for Taylor and I and we will forever be indebted to you for the kindness and the love that you have shown us through your services and your friendship. So, to anyone wanting the best to meet their families' needs, I highly recommend Carol Albers services.*
